IMPORTANT: This is a fixed indemnity policy, NOT health insurance. This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying for the cost of your care: the payment you get isn't based on the size of your medical bill; there might be a limit on how much this policy will pay each year; this policy isn't a substitute for comprehensive health insurance; since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance? Visit [HealthCare.gov](https://www.healthcare.gov) or call 1-800-318-2596 (TTY: 1-855-889-4325) to find health coverage options. To find out if you get health insurance through your job, or a family member's job, contact the employer. Questions about this policy? For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website ([naic.org](https://www.naic.org)) under "Insurance Departments." If you have this policy through your job, or a family member's job, contact the employer.

HSA Compatibility

The IRS limits the types of supplemental insurance that an individual who participates in a Health Savings Account (HSA) may have, while still maintaining the tax-exempt status of HSA contributions. Anthem offers the above plan designs that are designed to be HSA compatible. However, in any circumstance, please consult a tax and/or legal advisor to determine which supplemental insurance may be purchased by employees who participate in a HSA.

1. Hospital does not include: convalescent homes, or convalescent, rest or nursing facilities; facilities affording primarily custodial, educational or rehabilitative care; or facilities primarily for care of the aged/elderly, persons with substance abuse issues/disorders or mental/nervous disorders. Confined means the assignment to a bed in a medical facility for a period of at least 20 hours. State variations may apply.
2. Assumes all eligible employees can enroll in the plan and/or increase existing benefits without providing evidence of insurability during the scheduled initial enrollment period and subsequent scheduled enrollment periods occurring annually thereafter.
